Parents, please encourage your children to eat school breakfast and lunch!

A well-balanced breakfast offers an important nutritional foundation for a productive and healthy day, at any age. School breakfast fosters success in the classroom, and helps children develop healthy eating habits.

Studies show that students who eat breakfast do better on standardized tests, pay attention and behave better in class, and are less frequently tardy, absent or sent to the nurse's office.

Nutrition and Allergen Information is available at www.MealViewer.com.
