

Summer Program Offerings

The Newburgh Enlarged City School District's Department of Language Acquisition offers the following summer programs:

- ◆ K-5 English as a New Language (ENL) for ELLs
- ◆ K-2 Spanish as a New Language for Dual Language English native speakers

The Office of Language Acquisition of the Newburgh Enlarged City School District is dedicated to serving the needs of Language Learners. We are committed to providing our language learners research based, high quality programs for the purpose of achieving language and content proficiency. We extend these opportunities beyond the school day with programs such as K-8 Saturday Academy and K-5 Extended School Year (Summer programs). We understand that in order for our students to be college and career ready, have an advantage for college admittance and scholarships, and be globally competitive they will need to be proficient in both English and another language. Proficiency in more than one language enhances achievement and opportunities in life.
