Best,
Mrs. Zouhairi

Dear Family,

Welcome to the 2023-2024 school year at Horizons on the Hudson! I am delighted to be your scholar's 4th grade teacher.

This year we will dive deep into the curriculum, utilize new strategies and explore various topics. As a class we will learn to work and collaborate together and embrace our classmates as family. After all, we're a team and we must always support and encourage each other.

As a teacher, I endeavor to create an educational partnership with you and your scholar that will foster courage, determination, accountability and passion for knowledge. As we embark on a school year filled with a rich and rigorous curriculum, it is my commitment as an educator to provide your scholar with a nurturing yet challenging educational curriculum and culture that will ensure academic success.

This year, homework will be an extremely vital reinforcement tool for your scholar's academic mastery. Homework will be assigned nightly with the expectation that it will be turned in on time and fully completed when due. Our scholar will also be responsible for various assignments/projects that may require commitment of time at home.

Since attendance and scholarly behavior at Horizons on the Hudson are crucial to the learning process, it is imperative that your scholar attends school every day on time, prepared and ready to learn. Being part of the Unlimited Horizons program means coming to school each day, presenting your "best self" both socially and academically.

I look forward to building a collaborative relationship with you and your scholar for an exciting and productive year ahead!

All the best,

Mrs. Zouhairi
